Patents

Patents 1 - 20 on microsoft user switching sharing running applications. (0.01 seconds)

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Interface for patient context sharing and application switching

US Pat. 6401138 - Filed Oct 28, 1996 - Koninklijke Philips Electronics N.V.

In other words, the **user** would be required to store any entered data before using ... of an object-oriented implementation **running** on **Microsoft Windows NT**, ...

Cross-process common system resource data sharing

US Pat. 6920633 - Filed Jan 14, 2000 - Microsoft Corporation

One example of a monolithic parent process is **Microsoft** Corporation's "MS ... for **sharing** system resource data between two or more **applications running** as ...

Multimedia collaboration system with separate data network and A/V network ...

US Pat. 5617539 - Filed Jun 7, 1996 - Vicor, Inc.

20 and discussed in greater detail below in conjunction with the software **running** on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

Multimedia collaboration system arrangement for routing compressed AV signal ...

US Pat. 5689641 - Filed Oct 1, 1993 - Vicor, Inc.

Videotapes or CD-ROMs can be created in main **sharing** a smaller group of echo ... so as to enable the Apple Macintosh System 7, **Microsoft Windows 3.1**, ...

Fault-resilient automobile control system

US Pat. 5957985 - Filed Dec 16, 1996 - Microsoft Corporation

The routing table enables the MCU 24 to facilitate data **sharing** among ... **running** a multitasking operating system that employs a graphical **user** interface. ...

Teleconferencing system in which location video mosaic generator sends ...

US Pat. 5802294 - Filed Jun 7, 1996 - Vicor, Inc.

Videotapes or CD-ROMs can be created in main **sharing** a smaller group of echo ... port 802 (for a 35 with the software **running** on MLAN Server 60 of FIG. ...

Multimedia mail, conference recording and documents in video conferencing

US Pat. 5978835 - Filed Jun 7, 1996 - Collaboration Properties, Inc.

20 and discussed in greater detail below in conjunction with the software **running** on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

Call control in video conferencing allowing acceptance and identification of ...

US Pat. 5758079 - Filed Jun 7, 1996 - Vicor, Inc.

20 and discussed in greater detail below in conjunction with the software **running** on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

System for teleconferencing in which collaboration types and participants by ...

US Pat. 5854893 - Filed Jun 10, 1996 - Collaboration Properties, Inc.
20 and discussed in greater detail below in conjunction with the software **running**
on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

Multimedia collaboration system

US Pat. 6237025 - Filed Dec 19, 1997 - Collaboration Properties, Inc.
Given the proximity of Side Mount device 850 to the **user**, and the direct access to
... Apple Macintosh System 7, **Microsoft** Windows 3.1, or UNIX with the "X ...

Two monitor videoconferencing hardware

US Pat. 5867654 - Filed Jun 7, 1996 - Collaboration Properties, Inc.
20 and discussed in greater detail below in conjunction with the software **running**
on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

Synchronization in video conferencing

US Pat. 5915091 - Filed Jun 11, 1996 - Collaboration Properties, Inc.
20 and discussed in greater detail below in conjunction with the software **running**
on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

System for providing a directory of AV devices and capabilities and call ...

US Pat. 5884039 - Filed Jun 7, 1996 - Collaboration Properties, Inc.
20 and discussed in greater detail below in conjunction with the software **running**
on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

Video conferencing on existing UTP infrastructure

US Pat. 6437818 - Filed May 5, 1998 - Collaboration Properties, Inc.
20 and discussed in greater detail below in conjunction with the software **running**
on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

UTP based video and data conferencing

US Pat. 6212547 - Filed May 5, 1998 - Collaboration Properties, Inc.
Given the proximity of Side Mount device 850 to the **user**, and the direct access
... Transceivers 840 may 45 Apple Macintosh System 7, **Microsoft** Windows 3.1, ...

Videoconferencing hardware

US Pat. 6583806 - Filed Apr 7, 1997 - Collaboration Properties, Inc.
20 and discussed in greater detail below in conjunction with the software **running**
on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

System for call request which results in first and second call handle ...

US Pat. 5896500 - Filed Jun 7, 1996 - Collaboration Properties, Inc.
Videotapes or CD-ROMs can be created in main **sharing** a smaller group of echo ...
Microsoft Windows 3.1. or transmission of audio/video signals on a single ...

Method and system for log-in-based video and multimedia calls

US Pat. 6351762 - Filed Jun 7, 1996 - Collaboration Properties, Inc.
20 and discussed in greater detail below in conjunction with the software **running**
on MLAN Server 60 of FIG. 3 Software 160 allows the **user** to initiate and ...

Remote participant hold and disconnect during videoconferencing

US Pat. 6343314 - Filed Apr 28, 1997 - Collaboration Properties, Inc.
20 and discussed in greater detail below in conjunction with the software **running**

on MLAN Server 60 of FIG. 3. Software 160 allows the **user** to initiate and ...

Dedicated echo canceler for a workstation

US Pat. 6594688 - Filed Jun 11, 2001 - Collaboration Properties, Inc.

20 and discussed in greater detail below in conjunction with the software **running**
on MLAN Server 60 of FIG. 3 Software 160 allows the **user** to initiate and ...

Patents

Patents 1 - 20 on **context sharing application user switching**. (0.05 seconds)

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Interface for patient context sharing and application switching

US Pat. 6401138 - Filed Oct 28, 1996 - Koninklijke Philips Electronics N.V.
A method for **switching** the user interface focus of a medical information system
... An interface for **sharing** patient **context** information, including patient ...

Method and apparatus for the context switching of devices

US Pat. 5127098 - Filed Sep 28, 1989 - Sun Microsystems, Inc.
SWITCHING OF DEVICES Context switching is illustrated in the diagram of FIG.1.
... relates to the time **sharing** of user execution in the **context** of Process2. ...

Instantaneous context switching for speech recognition systems

US Pat. 5513298 - Filed May 18, 1995 - International Business Machines Corporation
... in a pattern matching partition in said memory for **sharing** by both contexts;
... each **context** related to a user application; a speech recognition unit ...

User interface with multiple workspaces for sharing display system objects

US Pat. 5072412 - Filed Mar 25, 1987 - Xerox Corporation
Workspace Display **Switching**. FIGS. 1A and 1B each show a respective display ...
which can result in object constancy include **sharing** of an application, ...

Method and system for switching between users in a conference enabled ...

US Pat. 5557725 - Filed Feb 13, 1995 - International Business Machines Corporation
Sharing an application means that the application is running on a particular computer and that each computer user who is a conference participant sees the ...

Method and computer program product for controlling distributed-memory ...

US Pat. 6092098 - Filed Jul 24, 1998 - NEC Corporation
Thus, in a distributed-memory multiprocessor system in which **sharing** ...
Consequently, the **context switching** operation for user tasks in the gang scheduling ...

User interface with multiple workspaces for sharing display system objects

US Pat. 5233687 - Filed Dec 9, 1991 - Xerox Corporation
Workspace Display **Switching**. FIGS. 1A and 1B each show a respective display ...
which can result in object constancy include **sharing** of an application, ...

User interface with multiple workspaces for sharing display system objects

US Pat. 5394521 - Filed May 6, 1993 - Xerox Corporation
Window 24 presents a cylindrical number independent user interface objects,
meaning solid from another graphics application and a different that each of ...

Method and apparatus for the synchronization of devices

US Pat. 5016166 - Filed Sep 28, 1989 - Sun Microsystems, Inc.

SYNCHRONIZATION OF DEVICES **Context switching** is illustrated in the diagram of FIG.

1. ... to the time **sharing** of **user** execution in the **context** of Process 2. ...

User interface with multiple workspaces for sharing display system objects

US Pat. 5533183 - Filed Feb 27, 1995 - Xerox Corporation

Workspace Display **Switching**. FIGS. 1A and 1B each show a respective display ... which can result in object constancy include **sharing** of an **application**, ...

Real-time multi-user game communication system using existing cable ...

US Pat. 5630757 - Filed Nov 29, 1994 - Net Game Limited

This thread is not a real 15 **Context switching** of threads is also known as a ... all **sharing** a single **user** hardware platform 101. only one broadcast mail, ...

Queue object for controlling concurrency in a computer system

US Pat. 5752031 - Filed Apr 24, 1995 - Microsoft Corporation

For example, a **user** can edit a document processor, both of the threads appear to ... The benefits of **context switching** may be even more to an **application** ...

Relocatable menu icon for accessing an application in a graphical user ...

US Pat. 5767850 - Filed Jun 24, 1996 - Intel Corporation

Thus, for of the word processing **application**. When "**sharing**" is ... **switching** between **application** windows that of **application** window 240 regardless of ...

Context switching method and apparatus for use in a vector processing system

US Pat. 5008812 - Filed Mar 18, 1988 - Digital Equipment Corporation

switch, new register values must be restored for all **CONTEXT SWITCHING METHOD AND** ... Instructions for a Vector Processing System, **sharing** the processor, ...

System for method for performing a context switch operation in a massively ...

US Pat. 6047122 - Filed Aug 21, 1997 - TM Patents, L.P.

In **switching** out the current **user** process, the scalar processor 12 and ... the **user** process **application** program in the current **user** process **context** (steps ...

Method and apparatus for the flow control of devices

US Pat. 5016161 - Filed Sep 28, 1989 - Sun Microsystems, Inc.

CONTROL OF DEVICES **Context switching** is illustrated in the diagram of FIG. 1. ... relates to the time **sharing** of **user** execution in the **context** of Process2. ...

Automated telephone voice service system

US Pat. 4625081 - Filed Nov 30, 1982

Except for any desired **application** program, no **user** programming is required in a ... **context**, reducing the process **context-switching** overhead to a minimum. ...

Internet-enabled service management system and method

US Pat. 6434619 - Filed Apr 29, 1998 - Alcatel Canada Inc.

The **application** also stores a list of customers. "Internal" **user** type ... 15 is a flow chart of the process for **context switching** to a customer account. ...

Method and apparatus for sharing a security context between different ...

US Pat. 6986060 - Filed May 23, 2000 - Oracle International Corp.

Process of Using a Security **Context** for a Single **User Application** FIG. ...

A method for **sharing** a security **context** for a given **application** client between ...

Continuous speech recognition and voice response system and method to enable ...

US Pat. 5615296 - Filed Nov 12, 1993 - International Business Machines Corporation

In a data processing system to playback **context** related voice response signals

... each **context** related to a **user application**; a speech recognition unit for ...

Patents

Patents 1 - 20 on context sharing application. (0.04 seconds)

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

System and method for enabling single sign-on for networked applications

US Pat. 6826696 - Filed Jul 26, 2000 - WebMD, Inc.

Context Sharing Integration As noted above, in one embodiment the **application** shell may also be operable to enable **application context sharing** for the ...

Interface for patient context sharing and application switching

US Pat. 6401138 - Filed Oct 28, 1996 - Koninklijke Philips Electronics N.V.

An interface for **sharing** patient **context** information, including patient identification information, among a plurality of **application** programs that provide ...

Application sharing in a frame

US Pat. 6570590 - Filed Oct 6, 1999 - Microsoft Corporation

Anyone in the conference can share an **application**. In the **application-sharing context**, in contrast to the T.120 **context**, the host is the person initiating ...

Information processing apparatus for executing application programs under ...

US Pat. 5349680 - Filed Oct 31, 1991 - Kabushiki Kaisha Toshiba

Field of the Invention are respectively executed in time **sharing** in the main ... program is a main operation program **application** program AP2, the **context** ...

Mechanism to control and use window events among applications in concurrent ...

US Pat. 5844553 - Filed Mar 29, 1996 - Hewlett-Packard Company

The **context** buttons (212, 214, 216 and 218) permit the user having the floor to select the ... 3C is a flow chart illustrating **application sharing** with user ...

Method and system for sharing objects between local and remote terminals

US Pat. 5933597 - Filed Apr 4, 1996 - VTEL Corporation

1 indicates, the present object **sharing application** provides a way to transmit ... computing **context**, but as applied to the video conferencing scenario. ...

Screen image sharing among heterogeneous computers

US Pat. 5241625 - Filed Nov 27, 1990 - Farallon Computing, Inc.

When an **application** calls a GDI function, it pushes onto its stack the ... Next, GDI Capture 34 determines if the device **context** that is being drawn ...

Context switchable field programmable gate array with public-private ...

US Pat. 6175247 - Filed Apr 9, 1999 - Lockheed Martin Corporation

SUMMARY OF THE INVENTION The present invention is directed to a **context** switching logic cell with data **sharing** for use in a **context** switching system. ...

Associating a physical driver object with its logical contents

US Pat. 5881285 - Filed May 7, 1996 - Intel Corporation

A device **context**, as will be understood by a person 10 having ordinary skill ...
of the invention employed in an **application sharing** configuration; and FIG. ...

Architecture and method for **sharing** TLB entries through process IDS

US Pat. 5754818 - Filed Mar 22, 1996 - Sun Microsystems, Inc.

The **context** select bit 582 dynamically selects Text **Sharing**" by Applicant of the
present **application** incor- which **context** number is compared with the ...

Coherent data structure with multiple interaction contexts for a smart card ...

US Pat. 5802519 - Filed Jul 19, 1996 - Belle Gate Investment B.V.

C(5) of me procedure list within the interaction **sharing** of program code and ...
Each **application context** 19 concerned. Access is only allowed if the access ...

Local transaction management

US Pat. 6832238 - Filed May 24, 2000 - Sun Microsystems, Inc.

To enable connection **sharing**, the **application** component ... Beginning at step
300 the client invokes a method on EJB A 216 with no transaction **context**. ...

Client/server connection **sharing**

US Pat. 5553242 - Filed Nov 3, 1993 - Wang Laboratories, Inc.

CLIENT/SERVER CONNECTION **SHARING** CROSS REFERENCE TO RELATED APPLICATIONS This
patent **application** is related to: US **application** Ser. No. ...

Coherent data structure with multiple interaction contexts for a smart card

US Pat. 6052690 - Filed Aug 27, 1998 - Belle Gate Investment B.V.

19(2) within the present **application** description 18. 45 access to the same data
element B(2) through reference an interaction **context** list comprising a ...

System for **sharing** server sessions across multiple clients

US Pat. 6138120 - Filed Jun 19, 1998 - Oracle Corporation

Although the multiple sessions are **sharing** a session **context**, each session may
require data which is exclusive to that session (eg, error handling, etc.). ...

Flexible event **sharing**, batching, and state consistency mechanisms for ...

US Pat. 6195685 - Filed May 22, 1998 - International Business Machines Corporation

A system for **sharing application**-specific events among a group of objects ...
and **context**-sensitive state marshaling means for propagating state to one or ...

Method and apparatus for **sharing** a security **context** between different ...

US Pat. 6986060 - Filed May 23, 2000 - Oracle International Corp.

These **application** servers in turn communicate with database servers in a ...
a system for **sharing** a security **context** between different 65 sessions on a ...

Authorization system for obtaining in single step both identification and ...

US Pat. 5455953 - Filed Nov 3, 1993 - Wang Laboratories, Inc.

3,1991, by Edward A. Russel et al. for "Client/Server Connection **Sharing**".

FIELD OF THE INVENTION The present invention relates to a method and apparatus ...

Instantaneous **context** switching for speech recognition systems

US Pat. 5513298 - Filed May 18, 1995 - International Business Machines Corporation

... in a pattern matching partition in said memory for **sharing** by both contexts;

... a **context** of a speech recognition **application** can be instantaneously ...

Collaborative computing system using pseudo server process to allow input ...

US Pat. 5392400 - Filed Jul 2, 1992 - International Business Machines Corporation

Basically, if each server has its own **application context**, then routines such as

... time for handling multiple displays and **sharing** the window events. ...
